The PTHA, as a member of the Pennsylvania Equine Coalition and representative of the horsemen and women who race at PARX, applaud the decision by the Governor to defer the suspension of racing.

As the Pennsylvania Equine Coalition and the Wolf administration continue to finalize the details of a long term solution to the preservation of horse racing, the PTHA acknowledges the significant progress achieved by the hard work and dedication of the Pennsylvania Equine Coalition.

The PTHA further recognizes and firmly believes that a united industry committed to the long term viability and importance of the racing industry to the economy of the Commonwealth is in the best interest of all stakeholders.
